

# Getting Started as an Analyst

Analysts have access to the Monitor portion of the Educator Dashboard. They can view all data reports from the assessments and/or accommodations for all users within an organization.

Once you have received an activation code from your Administrator, you will need to create your own account to start using the Educator Dashboard.

1. In your web browser – Navigate to [educatordashboard.com](http://educatordashboard.com)

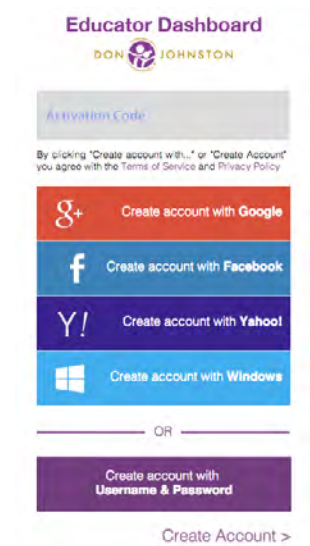

2. Click **Create Account**.

3. Enter the Activation Code you received from your Administrator.

4. You can use an existing login type that you may have with Google, Facebook, Windows Live or Yahoo!

OR

Create a new account with Don Johnston! Simply click “**Create account with Username & Password**” and fill out the brief form on the following page.

5. Click **Create Account >**.

Depending on your license type (Assessments and/or Accommodations) you will have access to one or more areas of the dashboard.
