Classroom Implementation Tool

Goal Setting Tips:

- Set clear, concise, measurable goals for each student.
- Plan when and where students will have access to the technology (Do students need this at home?)
- Integrate your instruction with the technology — show students the technology in context.
- Measure changes in attitude — yours and the students'!

Student's Name	IEP Goals, 504 Plans	Frequency and duration the student needs to use the technology to achieve goals	Classroom/ Subject/Period	Location: Classroom/Lab/ Media Center/ Resource Room/ Rolling Cart	Testing accommodation: Get approval to use for standardized testing Y / N
