Successful training and implementation hinges on one's ability to understand "what and who" the technology is for, and then how to use it.

Building Awareness and Conceptual Understanding

- Summarize corresponding initiatives and provide the rationale behind your organization's desire for participants to learn to use the tool.
- Require that participants view the Start-to-Finish® Online Accessible Library Product Demo prior to any training. www.donjohnston.com/product_demo
- Preview the Start-to-Finish Online Accessible Library Classroom Implementation Tool on page 16. This will help participants identify student needs, set goals and think about logistical matters.

Skill Acquisition

- Make sure you have Internet access prior to any training. Participants must be able to go back and practice following their new learning.
- Stick to the tutorial by teaching just what is here—providing too much information at once is ineffective and unproductive.

Skill Application

- Set clear expectations and timelines related to putting new knowledge into practice. (examples: sharing with peers, using with students)
- Provide tangible implementation tools that not only promote thought and planning, but also require "answers" or results—homework!
- Set aside time to share successes and failures. Everyone will benefit from shared knowledge and group brainstorming
- Recognize leaders and those being successful—use them to push the training out to the next level of participants.

Get, Read and Manage Your Library

Start-to-Finish Online Accessible Library, an online library of engaging, high-interest titles with professional narration, is an excellent tool for providing accessible materials to Learners. You can gather, store and assign/share materials with your Learners.

Take the Start-to-Finish Online Accessible Library Skill Assessment on page 15.

Sign In

1. Go to www.starttofinishbooks.com
2. Log in as a Staff Member with your user name and password. You will default to the *Home* screen.

Add Learners to Start-to-Finish Online Accessible Library

To obtain a user name and password, Learner information must be entered into Start-to-Finish Online Accessible Library. Teachers, as well as Administrators, can add Learners to Start-to-Finish Online Accessible Library. Here is a fast way to add a Learner.

1. Click  or  (from the Home screen). You go to **Manage My Learners**.

This is where you manage Learners in your classroom.

Note: If you are signed in as the District or Site Administrator, then click on  to go to **Manage My Learners**. This is because, as the District or Site Administrator, you are able to manage all-district or all-site learners as well as your own classroom learners. **Manage My Learners** is the portion that allows you to manage just your classroom learners.

Start-to-Finish Online Accessible Library Train-in-30 Tutorial

2. To add a new Learner, click **Add / Remove Learners**.
3. From the drop down menu, select the School Site you are working in.
Then click **Submit**.

You may see a list of Learners that have already been added to the District-wide or Site-wide roster. Or, if no Learners have been added yet, the list will be blank.

In either case, you may add a new Learner at this time. Let's do that now.

ADD a New Learner

1. In the lower left corner, locate and click **Add New Learner**.
2. A dialog box opens where you can add the Learner information.
Where there is a red asterisk, this is required information.
The username must be unique.
To keep it easy, for the password, you can use 123456.
Passwords are at least 6 characters.

Tech Tip:

Establish a naming convention for User Names so that they are unique and meaningful. For example, the User Name could be the Learner's first and middle initials followed by the last name. In this case, Jerome Washington Jackson would be jwjackson. Another idea is to use sequential numbers at the end of the last name. For example, Pat Wilson could be pwilson01, pwilson02 and so on. The maximum number of characters for a User Name is 14.

3. Take a few moments to enter the Learner information (this information can be changed later).
4. When the information is entered, click **Add New Learner**. If there is an error, you get an opportunity to correct the information.
5. Now that you have added Learners, click **Submit**. The Learner is added to the Site or District roster.

Tech Tip:

When you add a New Learner, it is added to the District roster as well as the Your Learners list. As a Staff Member, you may remove a Learner from the Your Learner list. However, a Staff Member cannot delete a Learner for the District roster. Only District Administrators can delete Learners from the District roster.

If you wish to leave this area without actually adding a Learner to the District, click **Close**.

ADD the Learner from the Site or District List to Your Learners

As you can see, the Learner you just added is in the Site or District list. You may select this Learner, and any others, and add them to Your Learners.

1. Click to select a Learner.

Tip: You may use Shift+Click to select Learners that are next to each other.
Or, use Command/Control+Click to select multiple learners that are not next to each other.

2. When they are selected, click . The Learner name(s) moves to Your Learners list.
3. To finish, click .

Tech Tip:

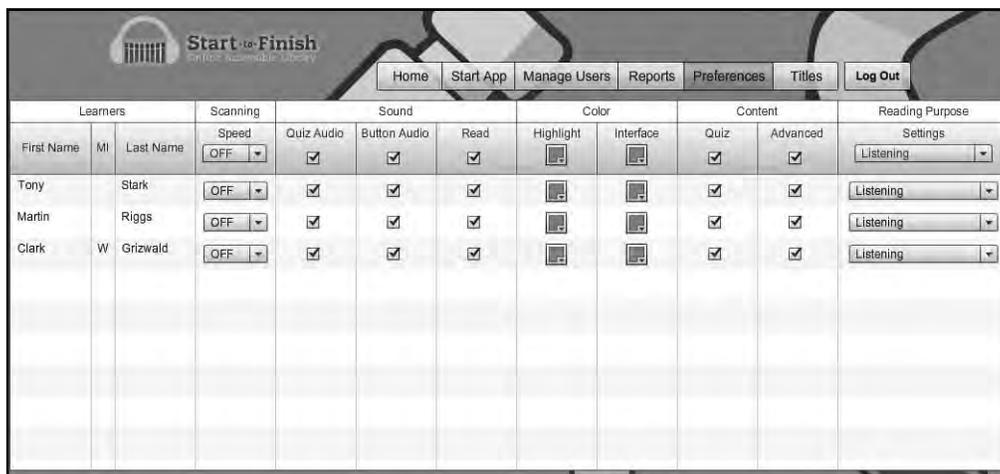

Remove Learners from Your Learners the same way. Select the Learner in the Your Learners list and click . The Learner is removed for the Your Learners list but remains on the District or Site list.

Note: To comply with the Family Educational Rights and Privacy Act (FERPA), do not add a Learner to Your Learners list if you do not have a legitimate educational interest.

Set Preferences

The Preferences screen allows you to choose options for Auditory Supports, Highlighting Color selection, Scanning Speed and Background Interface Color.

1. Left-click  in the top right corner of your screen or  (from the Home screen) to access the different Start-to-Finish options.

Learners			Scanning	Sound			Color		Content		Reading Purpose

The *Chapter 1: The Graveyard* chapter page image will display.

4. Left-click  to hear *Chapter 1: The Graveyard* read aloud.

5. Left-click  to turn the page.

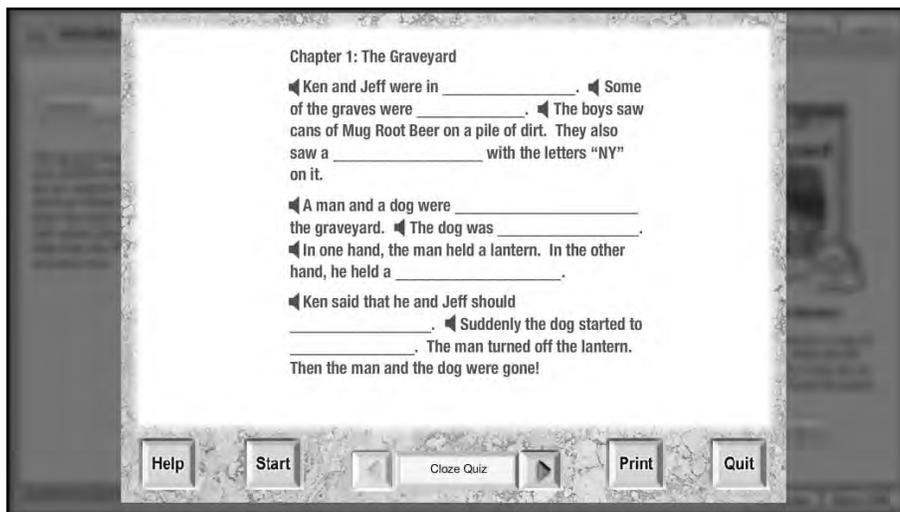

6. Left-click  to hear Page 1 read aloud.

 **Tech Tip:** You may left-click  to go back to a previous page. You may also click the **Contents** button to go back to the Table of Contents and navigate to another chapter.

Take a Quiz

1. Read Pages 1 through 5.
2. Left-click  once more to come to an end-of-chapter quiz.

 **Tech Tip:** You may print out the quiz before taking it by left-clicking the **Print** button. You may also left-click the **Help** button for help or the **Quit** button if you would like to quit.

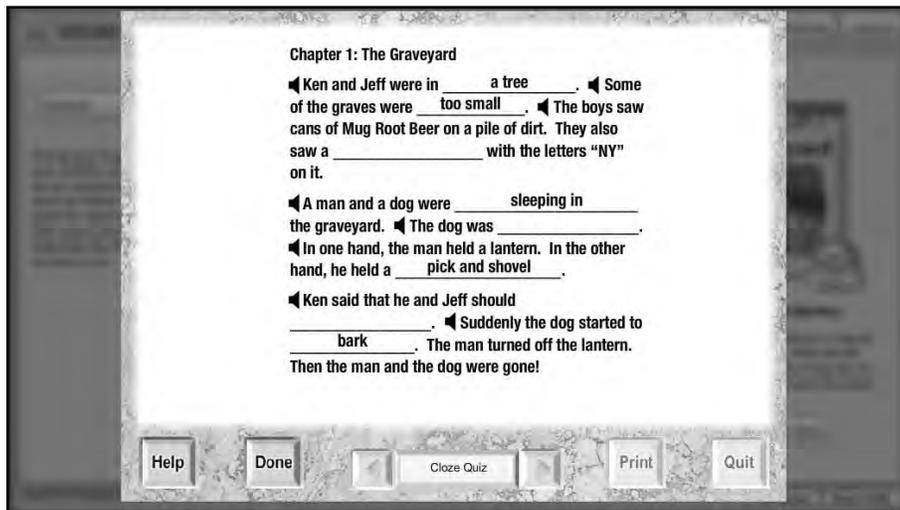

3. Hover the cursor over the **Help** button and you will hear it read aloud.
Hover the cursor over the **Start** button and you will hear it read aloud.

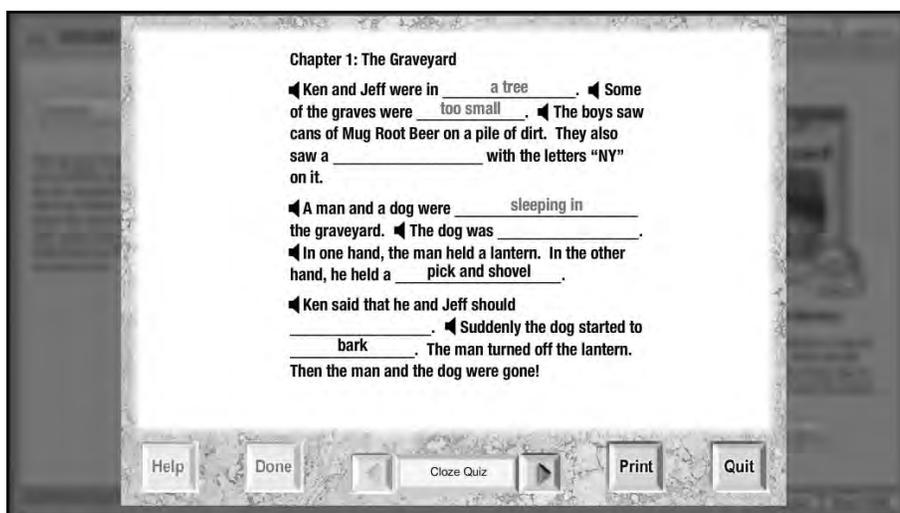

Hover the cursor over  and you will hear it read aloud.

Hover the cursor over the **Print** button and you will hear it read aloud.
Hover the cursor over the **Quit** button and you will hear it read aloud.

4. Left-click the **Start** button to begin taking the quiz.
Left-click each space in the sentence to select the word or phrase that you think is the best answer. (Left-click again to see a different answer. There are five possible answers for each sentence.)

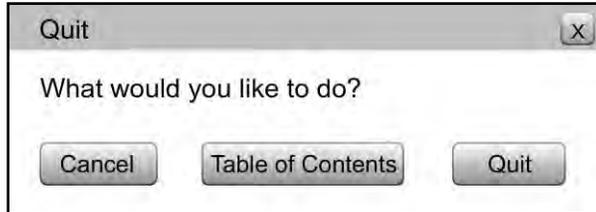

5. Left-click the **Done** button to stop taking the quiz.
You will see the correct answers in black and the incorrect answers in red.

Quit a Book

1. Left-click the **Quit** button. Three exit options will display.

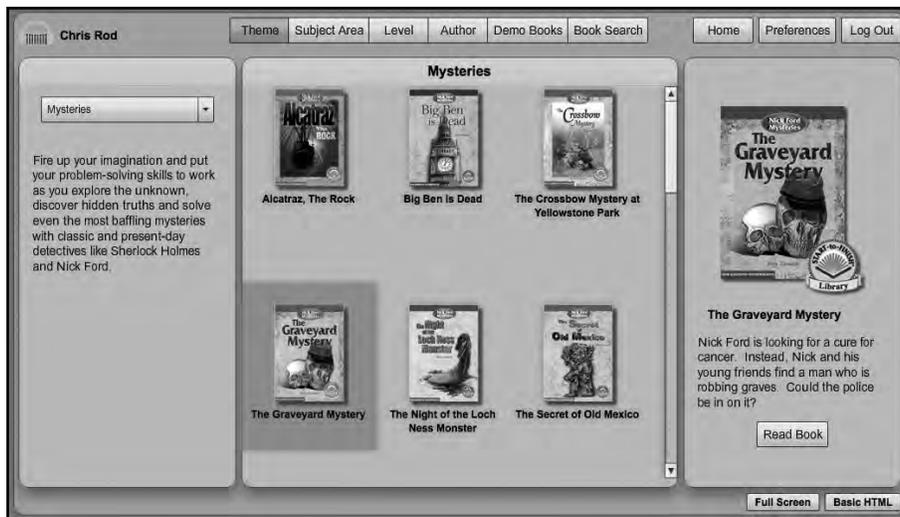

Cancel – Go back to the story page

Table of Contents – Exit this page and go back to the Table of Contents

Quit – Quit this story and go back to the library

2. Left-click  to close out of *The Graveyard Mystery*.

After quitting out of the book, you will be returned to where you began, the *Mysteries* section with *The Graveyard Mystery* book summary displayed.

Congratulations! You read the first chapter of *The Graveyard Mystery* in the Start-to-Finish Online Accessible Library!

Take a moment to explore the available Reports.

The screenshot shows the 'Reports' page in the Start-to-Finish application. At the top, there is a navigation menu with 'Home', 'Start App', 'Manage Users', 'Reports', 'Preferences', 'Titles', and 'Log Out'. Below the menu are search and filter options: 'Search:', 'Group' (set to 'All Learners'), 'Titles' (set to 'All Titles'), 'Start Date' (2012-04-10), and 'End Date' (2012-05-10). The main content is a table with columns: 'First Name', 'M.I.', 'Last Name', 'Time Spent 15:28:53', 'Cloze Quiz 81%', and 'Questions Q'. The table lists several users, including Steven Anders, Johnny English, Meghan James, Jennifer Jereau, Ethan Longoria, Aaron Miller, Sarah Pope, Sarah Smith, and Emily Smith. Aaron Miller's row is expanded to show a sub-table of titles he has completed.
